*...Reliability is the right ingredient in the kitchen*

 A wide range of neutral furnishing elements, including sturdily built tables, cabinets, sinks, shelving units, wall units and shelves for food services, dining facilities and delicatessens, made of AISI 304 stainless steel.

Worktops with depths of 600mm or 700mm to make the most of space with flexibility of arrangement, excellent work organization, maximum hygiene and long-lasting durability. OFFCAR constructs any custom variation and offers practical, functional accessories, to complete its equipment and to assist those who work in the kitchen.
