

KORAL LINE K981E

TYPE	Warewasher
LINE	KORAL LINE
BASKET	600x670

The KORAL line is distinguished by its wide range of models suitable for any situation. Through the electronic card, the control system provides great customisation options based on your needs, allowing you to accurately adjust any parameter and ensure optimum washing results. The tempered glass UNIKO-MID lcd-touch display is extremely reliable and ensures optimum performance. Selecting one of the 4 wash cycles available is really simple and practical messages on the display will allow preserving the dishwasher life.

Thanks to its dimensions, the K981E warewasher is able to effectively wash objects measuring up to 575x645x850(h)mm. It is suitable for washing baking trays, pots of various kinds, mixing bowls, utensils and even 26 dishes at each cycle with a maximum productivity of 30 baskets/hour (780 dishes/hour). The work height and the counterbalanced door facilitate basket loading while the double insulated walls improve thermal-acoustic insulation. The rounded moulded tank with integral filters ensures maximum hygiene and perfect draining.

The electronic control allows you to manage various parameters to give you an absolute customisation level and the continuous self-diagnosis allows you to minimise machine downtime, suggesting some operations to be verified. The self-cleaning cycle at the end of the day cleans the wash tank and empties the boiler from the hot water, preventing limestone forming inside. The standard double peristaltic electric rinse-aid and detergent dispenser ensures the best result from each wash cycle with great savings thanks to the precise dosage managed by the electronic card; whereas, the moulded washing and rinsing arms ensure great reliability and durability. The Thermo-stop function checks that washing and rinsing begin only when the desired temperature is reached. The bodywork is made entirely of AISI 304 steel and has been designed with all components in the front to allow easy technical assistance. Sturdy and reliable dishwashers to best deal with every moment of your day.

DISHWASHERS FEATURES	KORAL LINE K981E
n° baskets/hour - (+55°C)	Max 30
